

# 2018 Annual Gathering

**National Park Tour #2: Everglades National Park  
Hurricane Irma Community Outreach  
Imagine Solutions Conference**

---

**February 23–27, 2018**

# Schedule

## **Friday, February 23 - Arrival**

Arrive in time for our 5 p.m. welcome and opening session at the Ritz-Carlton Golf Resort. If you're flying, you'll want to arrive at the Southwest International Airport (RSW). It's about a half-hour trip to the Ritz-Carlton Golf Resort.

## **Saturday, February 24 - Everglades National Park & Immokalee**

After breakfast at the hotel we'll spend a day exploring the largest subtropical wilderness in the United States – Everglades National Park (UNESCO World Heritage Site).

The Everglades is an internationally recognized ecological treasure, home to alligators, panthers, manatees, crocodiles, more than 300 species of birds and hundreds of rare plants. Threats to the Everglades ecology have been amplified in the past century by unnatural drainage and development, and catastrophic events such as Hurricane Irma. We are guests of the Florida Nature Conservancy for this very special tour.

Later in the day we'll visit Immokalee, the agricultural city bordering the Everglades and the center of Florida's agriculture industry. It is home to immigrant and migrant families who work the vast fields that are the source of a large amount of the United States' fresh produce. Hurricane Irma took nearly everything these families had. We'll meet with members of the community and help them rebuild after the devastating storm.

## Sunday, February 25 - *Stanford Center for Longevity & L3's Doctors' Round Tables*

Successful individuals are rethinking the concept of life journey. Increasing global life expectancy and a rapid increase in the number of talented, accomplished professionals has caused a shift toward longer careers and the desire to contribute beyond the typical retirement age. Stanford's Center for Longevity believes higher education can play a role for those who have already been successful in one or more career pathways

Dr. Phillip Pizzo, founding director of Stanford's Distinguished Careers Institute, will lead us in a discussion and exercise that examine the wealth of innovation and knowledge we can use to inform our decisions in planning for the next phase of our lives.

L3's famous Doctors' round tables are a member favorite. Healthnetwork, L3's medical concierge, is scheduling some amazing doctors for us to meet.

In the afternoon, you'll have free time to do whatever you choose. Think about golf, the spa, shopping or a visit to Naples Historical Society's Palm Cottage House Museum, the oldest house in Naples, which houses original and donated artwork and furnishings.

## Monday, February 26 - *Imagine Solutions Conference*

For the past five years, L3 has been a sponsor of the Imagines Solutions Conference in Naples, Fla. It is a one-day forum that brings world-class thought leaders together with an audience of more than 600. This year's conference will feature 24 of the world's top minds.

The speakers will discuss...

- . The Future of Education
- . Longevity, A New Map for Life
- . National Cancer Summit
- . Voices for the Arts
- . Visionary: The Man Who Would Cure the World
- . Game Changers: Making a Difference

The program runs from 9 a.m. until 5:30 p.m. After the conference, L3 will meet for dinner to discuss what we learned and what we can take home to our communities.

## Tuesday, February 27 - *Travel Day*

*\*Schedule is subject to change*

# Accommodations

Journey up the winding road to The Ritz-Carlton Golf Resort, Naples and a stately Italianate structure emerges from the lush green landscape. The spirit of Italy permeates the warm coastal breeze when a grove of palm trees reveals your true destination. The lush greens of the golf resort bask in the bright Florida sun, and a few soft beams glisten gently on the rippled surface of the heated swimming pool.

2600 Tiburon Dr  
Naples, FL 34109
