

**No matter what...
we've got you covered.**

Emergencies can happen to anyone, anytime, and anywhere.
Are you prepared?

MASA PLATINUM
worldwide coverage

MASA  **Medical
Transport
Solutions** TM

A division of MASA Global.

MASA MTS is the provider of industry-leading medical transportation solutions for our members, both during life and after life, and of peace of mind for our members as they prepare for the financial burdens that follow life's biggest emergencies.

Our products provide two distinct advantages that are without rival in the industry:

A membership program that includes the most comprehensive fixed-wing-aircraft, helicopter and ground ambulance transportation solutions for consumers who are at home, at work or traveling the world and complete protection from the financial catastrophes that unexpected medical transportation costs will cause.

FACTS YOU SHOULD KNOW

Every year, over half a million people in the US are flown by medical helicopters and small planes for emergency care.

The average retail cost for an air ambulance is \$20,000.00 and could run as much as \$100,000.00. Only MASA MTS can completely protect you from this crippling expense.

Americans believe that Medicare and all insurance policies cover all air and ground ambulance expenses; the truth is they do not.

Helicopter transports save lives, but the costs can be prohibitive.

Most travel assistance policies are capped at a set dollar amount, leaving families to pay the balance. With MASA MTS, there are no overall dollar limit for transports.

NO claim forms are required and there are no deductibles.

MEMBERSHIP BENEFITS

Your membership fee provides for the following services at no additional cost to you:

- Emergency Air Transportation and Medical Evacuation
- Helicopter Transportation
- Ground Ambulance Transportation
- Repatriation / Recuperation
- Return Transportation
- Non-Injury Transport (Friend or Family Member)
- Escort Transportation
- Minor Children / Grandchildren Return
- Vehicle Return
- Mortal Remains Transport
- Organ Retrieval Transport
- Organ Recipient Transport
- Worldwide Coverage

MASA MTS will bring you and your family back home...
at NO COST...from ANYWHERE IN THE WORLD!

Americans today suffer from a false sense of security that their medical coverage will pay for all costs associated with emergency or critical care transports. **The reality is that the majority of Americans are only partially covered for these high costs. Only MASA MTS can provide complete protection.**

It's not what we have to say, it is
what our members say about us!

"When Medicare and our supplementary health insurance would not approve this claim, we felt great relief when MASA MTS was gracious to pick it up and pay it. We have found the people at MASA MTS to be pleasant and helpful in handling all our needs for medical transport services. They have fulfilled our expectations and we appreciate the blessing they represent to their members. Purchasing our MASA MTS membership was one of the smartest things we have done." - Fred L.
