OUR PHILOSOPHY

Life is to be lived to the fullest to the very last moment.

Leadership is to be authentic, compassionate and inspirational to others.

Legacy is not in what we leave behind, but in the lives we touched.

OUR VISION

A life of leadership and legacy.

LEADERSHIP, LEGACY, LIFE FOUNDATION

(L3 FOUNDATION)

OUR FOUNDATION

The Leadership, Legacy, Life Foundation is dedicated to capitalizing on the power, intelligence, energy and generosity of the organization's network of members.

Foundation members visit and support charitable organizations whose purposes are educational, scientific, artistic or research oriented.

OUR MEMBERS

The members of the L3 Foundation are successful career and community leaders who want to travel with a purpose, make new and meaningful friends, stay informed on new developments in science, medicine, public policy and the arts all while giving back. Members are couples and singles over 45 who want to make the rest of their life meaningful.

OUR PROGRAMMING

We believe in the power of travel and provide fundraising travel events with a philanthropic component in which it's fun to learn and effortless to give. We know that seeing the world inspires us, transforms us, and brings us closer to one another.

By visiting inspiring nonprofits as part of our journeys, we expose members to fascinating examples of what others are doing so we can direct our spending dollars to worthy organizations. Of course, we have great fun wherever we go.

We provide monthly learning calls led by industry experts and member conversation calls where the agenda is to talk about relevant issues.

We connect members to the finest medical care through a donation to the Healthnetwork Foundation.

We link members of similar age, experience and passions for private conversations that build meaningful and lasting relationships through our signature Agora program.

LIFELONG LEARNING TRAVEL

Our lifelong learning fundraising travel events are the heart of keeping members connected and giving back. We offer four amazing trips each year that help us lift our consciousness and rise above the routine of life. These experiences are awe-inspiring some are even life changing. By employing and working with inspiring nonprofits as part of our travel, we expose members to fascinating examples of what others are doing and direct our dollars to worthy organizations. Trip prices are in addition to annual dues and include hotel accommodations, meals and activities. Portions of our fundraising travel events are tax deductible within the guidelines of the U.S. tax laws.

DOMESTIC TRAVEL

Lifelong Learning Conference

The goal for our Lifelong Learning Conferences is for members to build authentic connections with one another and to discover unique resources to make the years ahead the best. We explore topics members care about and host programming at nonprofit sites that further our commitment to giving back to our communities and make donations to groups instead of using our resources for things such as centerpieces or welcome gifts.

Documentary Film Festival

The documentary film festival is L3 Foundation's most popular fundraising event. A group of members review and select documentary films for us to watch together at a different location each year. The films cover thought-provoking topics and have ties to nonprofit organizations. Filmmakers and guest presenters join us for conversations.

National Park Experiences

In 2013, L3 Foundation decided to make visiting at least one national park each year a goal. Programs are designed to experience the beauty of the parks, learn about their history and ecology, and give back to the National Parks Foundation and local nonprofits working on park-related issues.

Road Rally Experiences

The Road Rally is a fun way to get to know a part of the country. We meet with local historians and experts to learn about the area while we follow clues that lead us to the next experience. We always meet with nonprofits along the way.

INTERNATIONAL TRAVEL

Cultural Exchanges

Cultural Exchanges take us to exotic lands for immersions in local culture, through activities and encounters with local experts. We try to visit an NGO on these trips whenever we can.

**L3 OFFERS EXCLUSIVE PROGRAMMING
YOU CAN'T BUY FROM A TOUR COMPANY.**

L3 Members Tricia and Michael Berns, through their connection with the Smithsonian Natural History Museum, made it possible for L3 to go into the Blue Vault where the most precious of gems are stored.

L3 Founder Denny Sanford made it possible for L3 to travel one mile below the earth's surface to a cutting-edge physics lab. These areas are not open to the general public.
